21. (Unclassified - GLC) BRIEFING In the absence of Senator Barry Goldwater (R., Ariz.), spoke with his personal secretary Mrs. Judy Eisenhower and asked her if the Senator would be able to attend the breakfast session tomorrow if we sent a car for him. She said he had a previously scheduled television tape commitment at 8:15 in the morning and that is why he cannot attend the breakfast.

22. (Internal Use Only - GLC) LIAISON Called John Swanner, House Ethics Committee, and explained a problem we have with a letter dated 17 September which I sent to Chairman John Flynt (D., Ga.) concerning the classification of some documents. I said we have just learned that Mr. Colby gave permission to Searle Field, House Select Committee staff, to read into the Pike Committee record one of the documents with certain deletions made in it. I said our 17 September letter is technically accurate but also technically inaccurate in certain respects. Swanner said he didn't think the letter was going to be used, but he thought something could be put on it for future reference. He asked that I talk to Dave Bowers, House Ethics Committee staff, about it.

I then talked with Dave Bowers and he checked their report to see if my 17 September letter was used in any way. It was not. I am drafting some language which he can use as a notation on their copy of the letter.
